

EIC Fund Equity Investments

Last update on equity investments: 24/02/2021

Country	Company	Proposal Acronym	Short description	Website	Equity Amount	Equity signed on
France	CorWave SA	Calyspo	CorWave will transform a very promising preclinical prototype (TRL 6-7) into an industrial CE-marked medical device (TRL 8-9) that patients, clinicians and payers are waiting for. EIC Accelerator would place CorWave on a trajectory to become a global medtech leader with an outstanding socioeconomic impact on the EU	www.corwave.com	€ 15.000.000	17 December 2020
Finland	FARON PHARMACEUTICALS OY	MAGIF	Faron leading the way in macrophage guided immunotherapy	www.faron.com	€ 10.000.000	12 February 2021
Denmark	NIL TECHNOLOGY APS	SUPERvisionary	New Diffractive Optical Element Lenses and related industrial services	www.nilt.com	€ 15.000.000	24 February 2021

Companies selected for EIC blended finance

Cut-off October 2019

Country	City	Company	Proposal Acronym	Short description	Website
Belgium	Beersel	S-Biomedic N.V.	SkinMicrobiome	Paradigm Change in Skin Health: Novel Microbiome-based Cosmetics for Acne and Other Skin Conditions	sbiomedic.com
Belgium	GENT	FEOPS NV	HEARTguide	Disruptive personalized pre-operative planning tool for transcatheter procedures	www.feops.com
Belgium	OTTIGNIES-LOUVAIN-LA-NEUVE	TESSARES SA	MPA	Mobile Application for Hybrid Internet	www.tessares.net
Denmark	KONGENS LYNGBY	NIL TECHNOLOGY APS	SUPERvisionary	New Diffractive Optical Element Lenses and related industrial services	www.nilt.com
Estonia	Tallinn	Chrysalix Technologies Estonia OÜ	Bioflex	Second life of wood: BioFlex technology to dissolve waste wood to get raw materials	http://www.chrysalixtechnologies.com/
Finland	KONNUNSUO	WIMAO OY	REMAT	Unique patented technology for recycling mixed plastic waste and other hard-to-recycle waste streams to REMATerialize them to valuable products	www.wimao.fi
France	DAIX	NOVOLYZE	Novo	FoodSafetyGuardian: Using digital solutions to lower the risk of foodborne illnesses	www.novolyze.com
France	MONTPELLIER	ANTOFENOL	ANTOFERINE	A natural solution for post-harvest protection of fruits and vegetables	www.antofenol.com
France	RENNES	Demeta	i-CARE	Disruptive high-performance polymers	www.demeta-solutions.com

Country	City	Company	Proposal Acronym	Short description	Website
France	PARIS	ABELLIGHT	HT-SAFe	Cutting-edge High Throughput Nanoscopy: the future of imaging is here	www.abelight.com
France	Meylan	TiHive	TULIPZ	The world's first Terahertz application for Inspection-As-A-Service: Ensure quality and reduce waste in industrial production through inline inspection	https://www.tihive.com/www_site/
France	Guérande	XSUN	SX1.3	Earth Observation by Autonomous Solar UAV	www.xsun.fr
Germany	München	Smart4Diagnostics GmbH	S4DX	The world's first "digital data-fingerprint" for human blood samples.	www.smart4diagnostics.com
Iceland	REYKJAVIK	EPI-ENDO PHARMACEUTICALS EHF	BRONCHOTHELIN	The first-in-class disease-modifying drug for chronic airway disorders	www.epiend.com
Ireland	Galway	CAPRI MEDICAL LIMITED	CAPRI	Treating the Chronic Pain Patient earlier in the Pathway	www.capri-medical.com
Ireland	DUBLIN 2	GEOWOX LIMITED	Geowox	A platform supercharging residential property valuations.	www.geowox.com
Israel	NESS ZIONA	MYBIOTICS PHARMA LTD	MBSselect	A novel technology enabling efficient delivery of personalized probiotics to prevent gut-related diseases and recover damaged gut microbiota	www.mybiotix.com
Israel	TEL AVIV	CRITERRA INNOVATIONS LTD	RE-CREATE	Eco-innovative building products for sustainable construction in a circular economy	www.criaterra.com

Country	City	Company	Proposal Acronym	Short description	Website
Israel	REHOVOT	BREVEL	BREVEL	Industrial scale-up of a novel and disruptive microalgae photobioreactor	https://brevel.co.il/
Israel	YOKNEAM	TRISOL MEDICAL LTD	Trisol System	A safe and effective replacement valve for treating severe Tricuspid Regurgitation and preventing Right Ventricle dysfunction	https://www.trisol-medical.com/
Israel	Ramay Ishai	NanoVation-GS	SenseGuard	A breakthrough respiratory monitoring device incorporating novel nanotechnology-based sensors	https://www.nanovation-gs.com/
Israel	JERUSALEM	BRAINQ TECHNOLOGIES LTD	BQ System	An AI-based IoT medical device revolutionizing motor recovery following neurological disorders, inspiring hope and helping patients and their families regain their independence.	www.Brainqtech.com
Italy	MARTINENGO (BG)	DIAPATH SPA	Origin	Development of a Compact, Time-Efficient and Safe Medical Diagnostics Machine	http://www.diapath.com/
Italy	Siena	LiquidWeb SRL	BrainControl	The first mental joystick based on Artificial Intelligence for Multi-Modal Human Machine Interaction	www.liquidweb.it
Netherlands	Amsterdam	Magnitude Space B.V.	Hiberband	The low-power global area network enabling affordable and ubiquitous connectivity for the Internet of Things	www.magnitudespace.com
Norway	TRONDHEIM	PICTERUS AS	Picterus	Smartphone-based monitoring of jaundice in newborns	https://www.picterus.com

Norway	Oslo	Minuendo AS	MINUENDO INDUSTRY	Hearing protection device with situational awareness and alerts for the Industrial sector	https://www.minuendo.com/
Portugal	LISBOA	OPHIOMICS - INVESTIGACAO E DESENVOLVIMENTO EM BIOTECNOLOGIA LDA	HepatoPredict	HepatoPredict, A decision tool for Liver Transplantation based on molecular signature	www.ophiomics.com
Portugal	Braga	SMARTEX, Unipessoal Lda	SMARTEX	Detection of defective textile production	https://www.smartex.ai/
Spain	MUTILVA	BRUCELLA GREEN VAC SL	BGV1	New vaccine for a paradigm shift in Brucellosis, one of the world's most widespread zoonotic diseases affecting humans	www.greenvac.es
Spain	MADRID	ORBITAL ADVERTISING SL	OA	AI & NLP applied to semantic targeting in Search Engine Marketing	www.orbitalads.io
Spain	TERRASSA	ALTERNATIVE ENERGY INNOVATIONS SL	INDUEYE 2.0	The green revolution for the Industry 4.0.	www.aeinnova.com
Spain	La Muela - Zaragoza	ABORA ENERGY, S.L.	SHE	The most profitable Solar collector on the market to supply Heat and Electricity	www.abora-solar.com
Sweden	Stockholm	Invoier AB	IRP	European companies will be more competitive by Invoice Risk Prediction and a Truly Transparent and Fair Global Factoring Spot Market.	www.invoier.com
Sweden	LUND	COLZYX AB	WOUNDCOM	The first bioactive wound dressing - exploiting the unique wound healing and antimicrobial properties of human collagen VI	www.colzyx.com

Cut-off January 2020

Country	City	Company	Proposal Acronym	Short description	Website
Finland	JOENSUU	HYPERMEMO OY	GLAZER	GLAZER is a breakthrough solution for high-volume industrial glass processing. It is based on a patented one-of-a-kind CO ₂ nanosecond-pulsed laser, which was invented, developed and manufactured by Hypermemo specifically for industrial glass processing.	www.hypermemo.fi
France	Clichy	CorWave SA	Calypso	CorWave will transform a very promising preclinical prototype (TRL 6-7) into an industrial CE-marked medical device (TRL 8-9) that patients, clinicians and payers are waiting for. EIC Accelerator would place CorWave on a trajectory to become a global medtech leader with an outstanding socioeconomic impact on the EU	www.corwave.com/
France	GRENOBLE	Aledia	SPEED	Aledia develops and manufactures a μ LED (micro light-emitting diode) display technology based on a unique 3D architecture using gallium-nitride (GaN)-on-silicon nanowires (WireLED™). This technology can be applied in SmartPixels, where each μ LED is directly controlled by a CMOS circuit for displays from the size of a smartphone to giant TVs.	https://www.aledia.com/
France	LA CELLE SAINT-CLOUD	KAROS	UNITE	Karos was founded in 2014 to leverage collaborative consumption and artificial intelligence in order to revolutionize suburban areas commuting services and offer a disruptive transportation service to commuters. Karos innovativeness finds its sources in the advantages from both carpooling and public transportation: collaborative consumption for public services and a mix of social, professional and public networks.	www.karos.fr
France	MECLEUVES	NIMESIS	MiniLock	Mini Launch Lock devices for small satellites (MiniLock) proposes innovative actuators on the cutting edge of customer demand. They offer plug and play solutions that can directly be integrated into industry for satellites robotized production. MiniLock is smaller, lighter, safer, with a longer lifetime and generates significantly less shocks and vibrations than standard actuators such as electromagnet and pyrotechnics. MiniLock offers performances which have never been reached with any other materials.	www.nimesis.com

Country	City	Company	Proposal Acronym	Short description	Website
France	Paris	Nestwave	Nestwave	Nestwave brings a radically novel solution optimized for IoT geolocation. Based on 11 patents issued and pending, the Nestwave solution improves accuracy in urban canyon environments, increases indoor coverage, and reduces power consumption and costs as compared to existing solutions (2.5x accuracy and 1/10 of the power consumption at 1/3 of the cost of GNSS solutions).	www.nestwave.com
Germany	MUNCHEN	IRUBIS GMBH	SUPAIR Spectroscopy	At IRUBIS GmbH (spin-off of the Technical University of Munich), we have developed SUPAIR, a novel and robust ATR-MIR Sensor System aiming to make online and single-use monitoring of bioreactors by mid-infrared spectroscopy to become standard in the manufacturing of medical drugs.	www.irubis.com
Germany	SAARBRUCKEN	K LENS GMBH	K-IND	A small, video-capable, compatible with existing technology, robust even in complex lighting conditions and precise. The hardware is a new optical component (the K Lens) which can be used with any standard camera and any main lens turning the system automatically into a 3D system. The software is based on latest research results in the areas of computer vision and machine learning.	www.k-lens.de
Germany	Unterschleißheim	KEYOU GmbH	H2Engine	We want to make the combustion engine environmentally friendly and bring the KEYOU-inside- technology (TRL6) to the market. KEYOU-inside- are components that can be integrated into new or existing combustion engines and enables the engine to run on hydrogen.	https://www.keyou.de/
Ireland	Galway	Rockfield Medical Devices Ltd	MobilityPlus	Mobility+ is the future of the enteral feeding healthcare. It is a solution that alleviates the burden on healthcare and addresses specific feeding needs of patients with Complex Chronic Conditions (CCCs).	http://rockfieldmd.com/wp/

Country	City	Company	Proposal Acronym	Short description	Website
Israel	Ramat Gan	Indoor Robotics Ltd	Indoor Robotics Ltd	We have developed Tando, a game-changing holistic solution to perform active monitoring of the premises. The core of the system is a patented highly crafted drone that docks on the ceiling and utilizes advanced sensors to perform routine surveillance (patrolling) and space monitoring.	www.indoor-robotics.com
Netherlands	Eindhoven	Plasmacure	Plasmacure	Our mission statement is: We envision a world where people no longer suffer from chronic wounds. In Europe, > 3 million people suffer from this condition.	www.plasmacure.nl
Norway	OSLO	SENSIBELAS	SENSIBELAS	SensiBel is a Norwegian deep-tech start-up specialized in optical MEMS microphone technology. The company spun off from SINTEF, Norway's largest independent research organization in 2016.	http://www.sensibeltech.com
Spain	A CORUÑA	CINFO	CINFO	We developed TiiVii, a fully-automated, professional TV production platform, to help any sports club, league or federation to create their own scalable TV channels with live and on-demand content.	www.cinfo.es
Spain	Bellaterra (Barcelona)	Ability Pharma	Ability Pharma	ABTL0812 is a first-in-class fully differentiated oral targeted anticancer compound that produces autophagy-mediated cytotoxicity selectively in cancer cells.	www.abilitypharma.com
Spain	GALDAKAO	ZUMA	ZUMA	The disruptive technological proposal of SEGSEQ introduces several characteristics that cannot be found currently in any product of a market very much monopolized by 2 companies (Shimano and Sram).	www.zumainnovation.com

Spain	GORRAIZ	LEUNAMME	LEUNAMME	LEUNAMME has developed the KoalaLifter System, a disruptive lifting device that uses the Wind Turbine Generator (WTG) tower as a support, having an autonomous self-climbing capability.	
Sweden	Båstad	Handiscover Sweden AB	Handiscover Sweden AB	We developed Handiscover, the world's first inclusive booking system that helps people with a disability to identify accessible accommodation that suits their specific needs and allows them to travel worry-free.	https://www.handiscover.com/en-gb/
Sweden	STOCKHOLM	Gleechi AB	Gleechi AB	Gleechi was founded in 2014 by Dan Song (a PhD in biomedical engineering), Kai Hübner (a PhD in computer science & robotics) & Jakob Johansson (a successful serial entrepreneur), building up on 8+ years of advanced research at Swedish Royal Institute of Technology (KTH) in enabling robots to use their manipulators more efficiently.	www.gleechi.com
Switzerland	GENEVE	EBAMED SA	EBAMED SA	EBAMED developed Cardio-kit, a non-invasive medical device for heart arrhythmia treatment using proton therapy. Cardio-kit is a plug & play system that can be integrated into any existing proton therapy machine. Cardio-kit enables monitoring of heart movements in real-time, and automatically adjust the Stop/Go signal to the proton therapy machine based on the cardiac cycle in which to intervene.	www.eba-med.com
Switzerland	ZURICH	Positriago AG	Positriago AG	Dementia affects around 50 M people globally (mainly over 65 years old) and has high associated costs (~ \$1 trillion per year). 60%-80% cases correspond to Alzheimer's Disease (AD), which is expected to continue increasing exponentially in the next decades. Positriago is a Swiss start-up, aiming to develop NeuroLF brain scanner, which is 10x cheaper (reduced device, personnel and radiotracers costs) and up to 5x smaller than traditional scanners.	www.positriago.com

Cut-off March 2020

Country	City	Company	Proposal Acronym	Short description	Website
Ireland	MOYCULLEN GALWAY	AQUILA BIOSCIENCE LIMITED	ABwipe	COVID-19 pandemic: An innovative, safe and effective bio-decontamination technology for non-toxic removal of biological agents, including coronavirus	
Germany	MUNICH	ADVITOS GMBH	ADVOS-COVID-19	Increasing Survival of Patients with Severe SARS-CoV-2 Infection and/or Multi Organ Failure by up to 30% with ADVOS - ADVanced Organ Support	https://www.hepawash.com/
Germany	Hamburg	MindPeak GmbH	AIPACA	AI-powered pathological cancer diagnostics	www.mindpeak.ai
Switzerland	CHAVANNES-DE-BOGIS	SWISSDECODE SARL	BEAMitup	Automate ISO-certified DNA screening platform to enhance the global food supply chain	http://www.swissdecode.com
France	NANTES	XENOTHERA	BRIGHT	Treat severe cases of infection at COV with XAV-19	www.xenothera.com

Country	City	Company	Proposal Acronym	Short description	Website
Denmark	Østervrå	AW Technologies	COVID-19 ICU-CARE	COVID-19 ICU-CARE – A ground-breaking ICU bed-side COVID-19 trachea flushing system that can cut healthcare costs and reduce COVID-19 spread between ICU patients and staff	www.trachflush.com
Spain	Donostia	Somaprobes, S.L.	Corona-Quick	Rapid and easy- test for Coronavirus infections	www.somaprobes.com
Switzerland	LAUSANNE	XSENSIO SA	CytoTrack	Wearable diagnostic for inflammation tracking for personalized patient care among at-risk patients	www.xsensio.com
France	Paris	CarThera	DOMEUS	Delivering anti-cancer drugs beyond the blood-brain barrier	www.carthera.eu

Country	City	Company	Proposal Acronym	Short description	Website
Finland	Tampere	Neuro Event Labs Oy	EPINOSTICS	Artificial Intelligence powered epilepsy diagnostics	www.neuroeventlabs.com
Denmark	Lyngby	MedTrace Pharma A/S	EU-CAD	Eliminating Uncertainty in Coronary Artery Disease	www.medtrace.dk
Belgium	Bruxelles	moveUP c.v.b.a.	EXPANSE	European Expansion of moveUP	www.moveup.care
Israel	TEL AVIV JAFFA	EYEFREE ASSISTING COMMUNICATION LTD	Eyecontrol	EyeControl: A Communication Solution for Ventilated ICU Patients and Locked-in Individuals	www.eyecontrol.co.il
Norway	BORRE	SENSOCURE AS	IscAlert	A Breakthrough Biomedical Sensor for the Continuous Real-Time Detection of Ischemia, a Contributor in over 10 million Annual Deaths Globally	www.sensocure.no

Country	City	Company	Proposal Acronym	Short description	Website
Netherlands	EINDHOVEN	VENTINOVA MEDICAL BV	Jane	Harmless Respiration for Intensive Care Patients decreasing mortality and shortening stays – including COVID-19 patients	www.ventinova.nl
France	PARIS	PKVITALITY	K Watch Glucose	KWatch Glucose: A Wearable Painless Continuous Glucose Monitoring Smartwatch	www.pkparis.com
Israel	Tel Aviv	Kahun Medical Ltd.	Kahun	Kahun - an interactive medical knowledge base, for modeling medical knowledge and managing diagnostic processes, as well medical knowledge related to COVID-19.	www.kahun.com
Denmark	Copenhagen	The HabLab ApS	Klikkit	Advanced telemedicine button-based platform as a versatile solution for care organisations to manage elderly patients medication and treatment plans remotely	
Ireland	DUBLIN	SIRIUSXT LIMITED	LICENT	Lab Instrument for Cell Nano-Tomography	www.siriusxt.com

Country	City	Company	Proposal Acronym	Short description	Website
Netherlands	AMSTERDAM	LUMICKS B.V.	LUMICKS	z-Movi cell screening and sorting platform	www.lumicks.com
Finland	TURKU	FARON PHARMACEUTICALS OY	MAGIF	Faron leading the way in macrophage guided immunotherapy	www.faron.com
Spain	L'Hospitalet de Llobregat	ADmit Therapeutics S.L.	MAP-AD	A Methylation Profiling Diagnostic for Early Diagnosis of Alzheimer's disease	www.admit-therapeutics.com
Spain	Barcelona	MIWENDO SOLUTIONS SL	MiWEndo	REVOLUTIONARY ELECTROMAGNETIC ENDOSCOPY ACCESSORY TO AUTOMATIZE POLYP DETECTION	www.miwendo.com
Israel	RAMAT GAM	BETALIN THERAPEUTICS LTD	Micro Pancreas	Cure Diabetes by Injection of Micro Pancreas Cell Therapy	www.betalintherapeutics.com

Country	City	Company	Proposal Acronym	Short description	Website
France	PARIS	CYPHEME	Microguard	An Artificial Intelligence Capable of Detecting Counterfeit Products Using a Cell Phone Camera	www.cypheme.com
Sweden	GOTEBORG	MODVION AB	Modvion	Reducing wind energy costs with a stronger, taller wind turbine towers made from wood modules	www.modvion.com
Switzerland	ZURICH	SEERVISION AG	Multi RoboDOP	Multi-camera autonomous robotic set for the ultimate and cost-effective live video	
Latvia	Mārupe	LightSpace Technologies, SIA	NGEAR 3D	Next Generation Enhanced Augmented Reality 3D Glasses for medical education, pre-procedural planning, intra-procedural visualization, and patient rehabilitation	www.lightspace3d.com
Israel	YAAD	NANOSCENT LTD	NanoScent COVID-19	Novel COVID-19 POC Screening Tool Based on Proprietary Nano-Sensors and ML Techniques	www.nanoscentlabs.com

Country	City	Company	Proposal Acronym	Short description	Website
Israel	BNEI BRAK	NANOSYNEX LTD	Nanosynex	Ultra-fast Antimicrobial Susceptibility Test for diagnosing antimicrobial resistance to provide personalized antibiotic treatments	www.nanosynex.com
Spain	SEVILLA	GEOGRAFIA APLICADA SL	NextGen.DO	Democratizing access to Spatial Data Science with the next generation of spatial data platform	www.geographica.gs
Germany	BERLIN	TRETBX GMBH	ONO	A Whole New Category of Vehicle: The ONO Pedal Assisted Transporter	www.onomotion.com
France	PARIS	OSIVAX SAS	OSIRIX	Revolutionary vaccines to prevent pandemic and seasonal outbreaks of respiratory viral infections: The best-in-class UNIVERSAL multi-season influenza vaccine	www.osivax.com
Finland	Espoo	IQM Finland Oy	Prometheus	Building the first 1,000-qubit quantum computer to restore Europe's lead in the second quantum revolution	www.meetiqm.com

Switzerland	Muttenz	Resistell AG	RAPID-SEP-AST	Rapid diagnostic for bacterial SEPSIS and AMR urgently needed for ICU patients in COVID-19-like epidemics	www.resistell.com
Denmark	RISSKOV	RADISURF APS	RadiBond	Polymer brushes - a sustainable bonding technology for dissimilar materials	http://www.radisurf.com/
Ireland	Ashbourne	Remedy Biologics Limited	RapCo-19	Rapid COVID-19 Passive Therapy Response Platform	www.remedybiologics.com
Sweden	Stockholm	TADA Medical AB	ReLink	Prevention of injuries to patients and nurses due to intravenous line dislodgement	www.tadamedical.com
Austria	Vienna	Robo Technologies GmbH	Robo Wunderkind	AI-enabled robotics platform Robo Wunderkind	www.robowunderkind.com

Country	City	Company	Proposal Acronym	Short description	Website
Denmark	Copenhagen	Vital Beats	SCAUT DECISIO	Preventive and Personalised Remote Care for Heart Patients	www.vitalbeats.com
France	Lannion	Cristalens Industrie	SYMBIOSE	Unaided Sharp and Continuous Vision in All Daily Activities	www.cristalens.fr
Netherlands	Amsterdam	Avy B.V.	SkySaver	The electric VTOL-fixed wing drone for urgent medical delivery	www.avy.eu
Israel	Haifa	Polymertal Ltd	TiPlate	Industrial Titanium-Plating Process for the Manufacturing of Light-Weight Composite Parts	www.polymertal.com
Netherlands	Zwaag	Weber Hospital Systems B.V.	VDS	VDS Validated Disinfection System: Revolutionary Automated Thermal system for Surface Disinfection of Hospital equipment	https://www.weberhospitalssystem.com/
Ireland	Dublin	OneProjects Design Innovation Limited	VERAFEYE	Development and clinical validation of novel smart device to provide real-time ablation + tissue analysis through advanced 4D imaging to enable >90% success rate in Atrial Fibrillation treatment	http://www.one-projects.com/
Sweden	UPPSALA	ILYA PHARMA AB	WHILYAS-2	Wound healing ILYA-style 2	

Cut-off May 2020 ('Green Deal' call)

Austria	Biedermansdorf	AVILOO	AVILOO bcheck	A testing system that provides an exact report on the actual state-of-health of any battery in any electric vehicle during a simple test drive.	www.aviloo.com
Austria	Vienna	Livin Farms	Hive Pro	A highly scalable insect farming concept consisting of an insect fattening plant together with the supply of baby larvae, combined with a service model	www.livinfarms.com
Belgium	Maasmechelen	B4PLASTICS	B4PNOW	Complete biodegradable and resistant polymers that allow for circularity and a reduction in plastic consumption and microplastics pollution.	www.b4plastics.com
Denmark	Roskilde	CemGreen	CemShale CemTower	Solutions for higher cement substitution rates, higher supply management flexibility and lower CO2 emissions in the cement industry	www.cemgreen.com
France	Médis	VOLTAERO	CASSIO	Distributed hybrid propulsion system for powering a family of general aviation aircraft	www.voltaero.aero
France	Clamart	CASCADE	ENLIGHT	New lighting technology for boosting crop yields and increasing food sustainable by significantly reducing water, fertilizer, and pesticide use	https://www.lightcascade.com/en/company/
France	Grasse	Heyday Integrated Circuits	Hey3012	Using silicon carbide-based solutions for improving gate drivers and enabling for more efficient and safer energy conversion in automotive, solar and industrial motors	www.heyday-ic.com
France	Evry	ALTAR	IDEAS	A disruptive platform harnessing the power of natural selection for the development of novel microorganisms fulfilling specific industrial needs	www.altar.bio

France	Toulouse	Limotech	ORION PROJECT	Lithium batteries for cleaner yet safe energy that can revolutionize the aviation sector by supporting the transition to hybrid or electrically-powered aircraft	https://batteries.limotech.group/
France	Evry	Glowee	Pipelight_2	A living system producing continuous bioluminescence in order to replace urban artificial lighting, reduce environmental impact, improve well-being and offer new creative possibilities	www.glowee.eu
France	Grenoble	ROSI SAS	Ramp-PV	Bringing circularity and sustainability to the photovoltaics (PV) industry by enabling PV-waste upcycling and re-use of raw materials within European value chains	www.rosi-solar.com
France	Saint-Mandé	ALTAROAD	TRACK4REUSE	Defining new standards and practices for optimising recycling of materials and increasing waste traceability of the demolition and construction industry	https://www.altaroad.com
France	Moirans	WATTALPS	WATTELSE	A versatile, modular lithium-ion battery system to provide manufacturers of heavy machinery with a tailored solution capable of maintaining power to equipment for an entire day at a high-power rate	www.wattalps.com/
France	Aix-en-Provence	HYSILABS	HYDROSIL	Innovative hydrogen carrier based on a liquid silicon hydride derivative that is stable, non-toxic, non-explosive and non-dangerous	hysilabs.com
Germany	Planegg	Electrochaea GmbH	Echaea	Using biological methanation technology for cost-effective large-scale energy storage and the production of multi-purpose e-fuel for use in transportation, power generation or industrial heating.	http://www.electrochaea.com
Germany	Planegg-Munich	DyeMansion GmbH	Powerfuse S4 AM	A stable, reproducible and environmentally friendly physio-chemical process, the so-called VaporFuse Surfacing (VFS), resulting in smooth, water-repellent and glossy surfaces.	www.dyemansion.de
Greece	Thessaloniki	BRITE HELLAS SA	PanePowerSW	A unique transparent (80%) solar glass panel that generates clean energy. The solar glass combines a nanostructured coating material with silicon solar cell technology to deliver a product ideally suited for greenhouse applications	www.britesolar.com

EUROPEAN INNOVATION COUNCIL **eic**

Country	City	Company	Proposal Acronym	Short Description	Website
Israel	Kfar Saba	Senecio	RoboSIT	Using AI-driven robots for mosquito vector control that can prevent outbreaks and reduce use of pesticides in farming.	www.senecios.com
Italy	Parma	Tomapaint srl	TOMAPAIN	Natural, safe and sustainable biolacquers for coating metal food cans as an ecological alternative to synthetic petrochemical-based lacquers, delivering significant environmental and health benefits	www.tomapaint.com
Italy	Correggio	Prima Industries Srl	PPB	New machinery for the successful polishing of wine bottles that enables a circular business model	www.primaindustries.it
Italy	Formigine	TECNO	Glazetile	First continuous ceramic tile glazer that uses fully water-based suspensions with no pollution and no toxicity and increases efficiency in terms of quality of the product, energy, water consumption and sustainability	www.tecnoitalia.it
Netherlands	Eindhoven	TUSTI	EGREMLARE	Innovative washing process for recycling of greasy mixed plastics by using bio-based cleaning liquids in order to later obtain high grade resins for packaging manufacturing and civil and construction engineering.	www.tusti.nl
Norway	Tvedestrand	OTECHOS AS	CRCP	New technology for cost-efficient, low-maintenance liquid gas compression, also contributing to energy savings and CO2 emissions reduction	www.otechos.com
Norway	Haugesund	Alginor	DACOTA	Technology for seaweed harvesting with minimal impact on seabed and marine life, zero waste and lower CO2 emissions. Raw materials will be treated and commercialised into different global markets, including pharmaceutical and nutraceutical sectors	https://alginor.no/
Norway	Fevik	Innomar AS	SUNFISH	Sensors to monitor fish in the trap and collect other data such as geolocation, depth, salinity, and temperature	www.innomar.no
Norway	Florø	Evoy	Electric Voyage	Breakthrough patented electric propulsion system for small-size boats	https://www.evoy.no

Norway	Trondheim	Wavefoil AS	SmartWings	Unique solution for ship stabilization and forward thrust for medium-size ships using retractable foils.	www.wavefoil.com
Norway	Oslo	ONiO	WISE	Wireless IoT technology to power multiple commercial solutions	www.onio.com
Romania	Brasov	SVELTEDCA PARTNERS SRL	Svelte	Innovative machine system to generate all types of curved surfaces on an industrial scale	www.svelte.eu
Slovakia	Bratislava	Sensoneo, j.s.a.	SENS	A smart enterprise-grade waste management solution for cities and businesses to cost-efficiently manage the waste lifecycle and improve the environment and well-being of people	www.sensoneo.com
Spain	Madrid	BERIDI MARITIME, S.L.	ARCHIME3	New floating technology for safe and efficient installation of turbines in deep waters for offshore wind energy generation	www.beridi.com
Spain	Valencia	PHOTONICSENS	AR_GREEN_CAM	Improving the state of the art of opto-electronic alignment processes with new low-power high-speed approaches to packaging for semiconductors, saving million tons CO2 emissions and plastics per year.	www.photonicsens.com
Spain	Sant Cugat del Valles	Unblur	IRIS	A state-of-the-art human-like reasoning system designed to assist first responders in synthesizing high-level data while at the scene of an emergency	www.unblur.co
Sweden	Göteborg	Heart Aerospace	QualE-fly	A drivetrain with market-leading efficiency and performance for powering electric aircraft	www.heartaerospace.com
Switzerland	Lausanne	TREATECH SARL	WAS2VAL	Sewage treatment technology allowing for conversion of liquid wastes into biogas, clean water and mineral salts	www.trea-tech.com
Switzerland	Lausanne	NANOGENCE SA	ngCon	Innovative techniques for increasing the efficiency of cement manufacturing and the robustness of materials while achieving energy savings and reducing CO2 emissions in the process	www.nanogence.com
Switzerland	Wiesendangen	VATOREXAG	VATOREX	An eco-friendly solution to kill the Varroa mites and preserve the beekeeping industry.	www.vatorex.ch
Ukraine	Kyiv	PRIVATE ENTERPRIS E	Pipes.One	Pipes.One is a cutting edge technology for mobile 3D welding production of polyethylene pipes	

Cut-off October 2020

Country	City	Company	Proposal Acronym	Short Description	Website
Finland	Helsinki	Woodio Oy	Woodry	Wood composite set to eliminate CO2 emissions of the ceramics industry	www.woodio.fi
France	PALaiseAU	PASQAL	FRESNEL	Quantum computing with atom arrays—bringing Europe to the forefront of the quantum race	www.pasqal.io
France	Paris	SAS WOODOO	WOODOO	Woodoo Augmented Wood - scaling up translucent wood for sustainable buildings and vehicles	www.woodoo.fr
France	Saint-Etienne	SILEANE	RED LINE	Innovative robotic sorting technology to reduce hazardous wastes	www.sileane.com
France	Solaize	SEPARATIVE	SEP43	Innovative liquid chromatography columns for the pharmaceutical industry that make separation operations faster, more efficient and more sustainable	www.separative.net
Germany	Freiburg im Breisgau	GLASSOMER	GLASSOMER	Glassomer – A Revolution in Glass Processing	www.glassomer.com
Germany	HENNEF	CREAPAPER GMBH	Grasspaper	Grassfibre raw material and grasspaper products for the retail, paper and packaging industry, helping to reduce plastic and textile pollution and CO2 emissions on a global scale	www.creapaper.de

Hungary	Budakeszi	Kinepict Health Kft.	KMIT-ACC	Digital Variance Angiography, a ground-breaking X-ray angiography innovation: dose management and quality enhancement by Kinepict Medical Imaging Tool	
Ireland	Dublin	Novus Diagnostics Limited	SepTec	Next generation Sepsis pathogen diagnostics: Revolutionary device for rapid detection of Sepsis	www.septec.ie
Israel	HERZLIYA PITUACH	RESPINOVA LTD	OPEN-LUNGS	Pulsehaler™ - A Breakthrough Treatment for COPD	www.respinova.com
Israel	JERUSALEM	HIL APPLIED MEDICAL	HIL PT System	A revolutionary, cost effective, ultra-compact proton therapy system for cancer treatment	www.hilappliedmedical.com
Israel	JERUSALEM	Omnix Medical Ltd	OMN6	A novel class of antibiotics to combat Antimicrobial Resistance	www.omnixmedical.com
Italy	BERGAMO	DAZETECHNOLOGY SRL	DazePlug	The first automatic conductive charger for electric vehicles	dazetechnology.com
Netherlands	Delft	Qblox	Qblox	The control stack for the quantum revolution	https://www.qblox.com
Netherlands	ENSCHEDÉ	Solmates	5G-TRAIN	New Cluster Reactor to Deliver a Total Solution for PLD Manufacturing of Thin Films for 5G Technology	www.solmates.nl
Norway	TRONDHEIM	Mode Sensors	ReBalans	Medical grade sensor for continuous hydration monitoring and early detection of fluid imbalances.	www.modesensors.com
