

# Call for science-based startups

Are you a founder of a science-based startup based in Spain looking for pre-seed funding?

## Strata Seed Investment Camp

Bringing **deeptech, cleantech and medtech innovations** to the European market

10,000€ PRIZE FOR SPANISH STARTUPS

Up to €40,000 in investment

Investment readiness support

### STAGE 1. INVESTMENT CAMP MADRID. 10,000€

10 Selected research-based Spanish startups participate during 2 days on Strata's venture lab in Madrid to work on its funding readiness level at 4 levels: technology, product, business model and organization.  
Pitch competition.  
The winner obtains a 10,000€ prize and business support.

### STAGE 2. 6-MONTH FUNDING READINESS PLAN. 20,000€

Those projects selected will be invited to follow a 6-month plan with specific technological, business and organizational milestones. The objective is to reach investment readiness.  
A convertible loan is signed upon successful completion of the plan.

### STAGE 3. EUROPEAN BOOSTER. 40,000€

A new 6-month plan is elaborated. At the end of the year, a pitching session in front of global institutional investors is organized. If successful, the company receives an additional 20,000€ convertible loan.  
Investors will be pitched for a Seed Round.
